

# Keynote Presentation | **[Customer Experience]** Unleash the Power of Premium Engagement

**MATTHEW BELL**

Regional Director, EMEA  
Telesign

# Unleash the power of Premium Engagement

**Matthew Bell**  
Regional Director EMEA

# Messaging technology has evolved

First email marketing campaign

1978

First SMS message is delivered

1992

Business SMS marketing campaigns

2001

iPhone is launched; RCS is invented

2007

OTT overtakes SMS as popular messaging option

2013

Apple supports RCS

2024

# A great customer experience delivers ROI

Customers are more likely to...

**Recommend  
the brand**

**Buy more  
often**

**Make a  
first-time  
purchase**

**When they can use their preferred communications channel.**

# The power of customer engagement

of customers say the experience a company provides is as important as its products.

of customers expect consistency in their interaction with different departments.

of buyers would pay more for a great experience.

## Consumers feel unsatisfied & unprotected by business communications

97%

of business  
messages are sent  
via SMS 3T SMS to  
100B OTT in 2022.

80%

of customers say  
business communication  
today is ineffective.

318%

rise in smishing  
attacks in 2023.

1. Juniper, How to Optimally Price A2P SMS
2. "Bridging the Communication Divide" by Lawless Research
3. Proofpoint

# Leverage digital touchpoints for customers across their journey

# WhatsApp overview

1

## Your brand

A business account clearly displays your company name at the top of the screen.

2

## Your business logo

Displayed for easy recognition.

3

## Get verified

With a verified badge in green, you gain more of your users' trust.

4

## Message templates

Initiate conversations with pre-approved message templates.

5

## Send rich media

Relay multimedia messages as message templates in the "support window". These include images, documents, videos, locations, and more.

6

## Encrypted

All messages are end-to-end encrypted.

# WhatsApp Business Messaging marketing templates

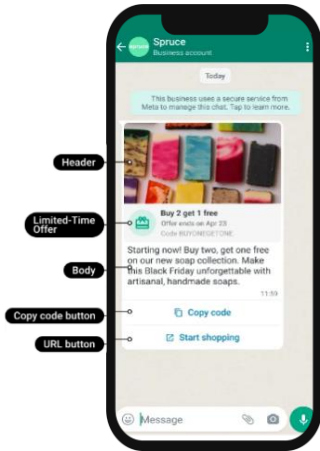

## Coupon code

Display a single copy code button. When tapped, the code is copied to the customer's clipboard.

## Limited-time offer

Display running countdown timers to communicate time-bound offers and drive customer engagement.

## Multi-product

Messages containing a selection of up to 30 items from a business's inventory.

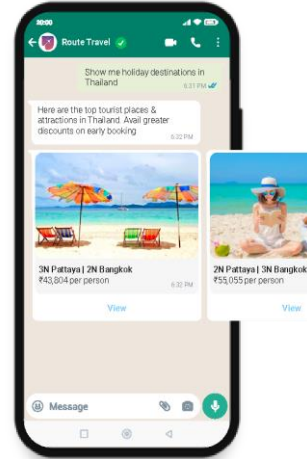

## Single Product

Messages with a single product item from the business's inventory.

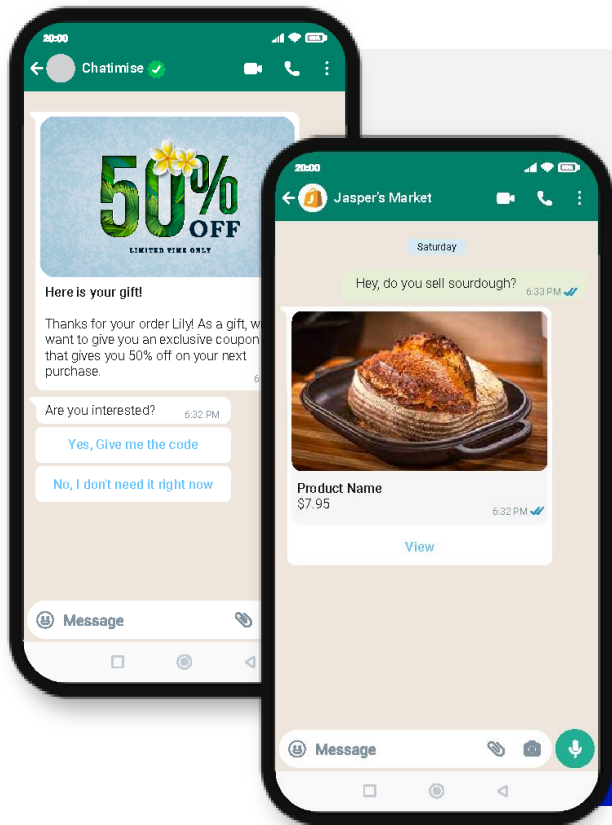

## Carousel

Send a single text message, accompanied by a set of up to 10 carousel cards in a horizontal view.

# WhatsApp conversation categories

There are four categories in which conversations are classified:

## Business initiated conversation split-up

### Utility

A specific, agreed-upon request/transaction or customer update.

**Use cases:** Ongoing transactions, post-purchase notifications & recurring billing statements

### Authentication

User verification with one-time passcodes, potentially at multiple steps in a sign-in process.

**Use cases:** Account verification/recovery, Integrity challenges, approve logins etc.

### Marketing

Any conversation that does not qualify as utility or authentication is a marketing conversation.

**Use cases:** Promotions or offers, informational updates, alerts/notifications for customers to respond/take action

## Formerly known as User Initiated conversations

### Service

Business response to a user's initiated message

- Within a 24 hr. customer service window
- Supports free-form messages within 24 hr

**Use cases:** Customer support, service enquiry, general support, grievance redressal
